—We have the confidence of the men of this town.
—They have an absolute guarantee of money's worth or money back.
This business has been built on a sound business basis—that's why it has grown bigger every year.
This season's business will be the biggest ever for this reason—In planning we started early—bought only reliable fabrics which we guarantee as to color—our purchases were made long before the dye question arose—enabling us to protect our patrons in this most important matter—without expense to them—and without extra expense to ourselves.

COURT AUTHORIZES SALE.

Grants Trustees Power to Sell Portion of Big Landed Estate.

Justice McCoy has signed an order granting H. Rozier Dulaney, John W. Brawner, Edward J. Stellwagen, and W. J. Walker, who are trustees of a landed estate lying in former Woodley Park, power to sell to Harry Wardman and William Bones a portion of that property for \$140,000. Mr. Wardman and Mr. Bones are said to be planning the improvement of that property by the erection of apartment buildings.

Twelve complete lots and portions of three more are involved in the sale. Most of the property faces on Calvert street between Twenty-fourth and Twenty-ninth

streets northwest. All this property was owned by Mr. Wardman before his affairs became entangled in involuntary bankruptcy proceedings several years ago.

Mr. Wardman will also take over, under the same order, one-half of a lot on the other side of Woodley road for a consideration of \$149,950.

"Human Fly" Scales Facade of Colorado Building for Movies.

Edward Mallen, better known as the "human fly," who created a reputation by scaling to the thirty-third floor of the Flatiron Building, climbed to the ninth floor of the Colorado Building yesterday afternoon, climbed over the coping onto the roof, and descended to the street by the elevator.

The manager of the Colorado Building informed Mallen that he could not give his permission but certainly would not scale the wall in order to pull him down. A moving picture concern staged the exhibition and the pictures will be shown in a local theater in the near future.

Dressing well doesn't necessarily imply spending more than you can afford.

Of course you can pay a lot for clothes if you want to, but why pay for more value than you actually get?

We've always made it a point to put in the things that are highest in quality and most reasonable in price.

In men's clothes, for example. What better can be had than the Model Clothes for \$10? You can't get better values for \$15 to \$18 elsewhere.

Our new Spring styles are awaiting your approval.
